

IP 2409 Plus is a traditional Fine Art Paper, intended for indoor applications only. In comparison to former IP 2409, Plus-Quality has a much improved color gamut. Further it is drying faster and can be printed at a higher speed. This material has been specifically designed for digital printing on large-format inkjets and is suitable for printing with eco solvent, solvent as well as Latex inks.

## IP 2409 Plus

IP 2409 Plus is a traditional fine art paper, treated with an ink receptive coating to make it suitable for eco, mild, full solvent as well as Latex inks. IP 2409 Plus is the leading medium in digital fine art printing for exclusive computer generated artwork, painting or lithographic look reproduction. IP 2409 Plus fine art paper also appeals with digital images due to their large color gamut, their high black value and the wonderful feel of a very high quality paper. Common applications include fine art print reproduction, business cards, greeting cards, post cards, menu and novelty applications, certificates and presentational prints for displays.
