

ImagePerfect™ ATF 70 is a film based application tape with a medium tack, especially developed for all graphic applications.

IP ATF 70

This application tape is a film based, transparent tape. IP ATF 70 has excellent lay flat properties and will not curl on the edges. It guarantees easy stacking, which makes the graphics easy to stock for a longer time and provides trouble free transportation. Stacked graphics will stay crease free and will not stick to each other. The high-tech acrylic based adhesive system provides a very good adhesion on silicone paper. This special film makes it possible to be "cut" by hand, so no cutter or scissor is needed for a clean cut. IP ATF 70 can be used for glass décor, gloss, matt and polyester vinyls.

Specifications	
DESCRIPTION	Film based application tape
COLOUR	Transparent
FACE FILM THICKNESS	130 μ
ADHESIVE	Acrylic based
ADHESIVE STRENGTH	12 (N/100mm)
TENSILE STRENGTH	105 (N/25mm)
ELONGATION AT BREAK	10%
SHELF LIFE	6 months, 20°C / 55% humidity
