

ImagePerfect™ Anti-Graffiti is a PVF satin laminate with a permanent, pressure-sensitive, acrylic adhesive. This laminate is a specially formulated PVF material with unique properties.

IP Anti-Graffiti

This film is a clear satin finish PVF - it contains no plasticisers, hence it has good ageing properties and remains tough and flexible over a broad temperature range, for extended periods. ImagePerfect™ Anti-Graffiti film has some very unique properties which include excellent resistance to weathering and a wide variety of chemicals, solvents and staining agents. Outdoor weathering tests on the film have been conducted for more than 20 years. The weathering and toughness characteristics suggest use as a finish for metals, hardboards, felt or plastics in architectural, decorative or industrial uses, or as a highly effective overlaminating barrier.

Specifications	
DESCRIPTION	PVF anti-graffiti laminate
COLOUR	Clear satin
FACE FILM THICKNESS	25µ
ADHESIVE	Permanent solvent acrylic
ADHESIVE STRENGTH	20N/25mm (Finat TM 1/24h)
RELEASE PAPER	PE coated silicone paper, 140g / m ²
TEMPERATURE RANGE	- 30°C up to + 90°C
DURABILITY (UV STABLE)	Up to 10 years
FLAME RETARDANCY	Adhered to steel, self-extinguishing
SHELF LIFE	2 years, 20°C / 50% humidity
