

Fisso Ghost

Fisso Steel

The Fisso range of Stand Offs offer a variety of wall mounted fastener and spacer solutions in different finishes and sizes.

Whether it needs to be visible or blind, made of plated brass or stainless steel, for internal or external use the Fisso Stand Off range covers all your needs. The systems can offer protection against unwanted manipulation or fast replacement of the panels making them ideal for all situations.

#### Contemporary design

The Fisso range of Stand Offs are more than just screws - they are highly designed fasteners in a number of different materials including aluminium, brass, plastic and stainless steel.

- Highly functional giving secure fastening capabilities
- Tested to a high specification
- Elegant appearance, enhancing the display image
- Integral part of the overall look

#### Fisso Stand Off fasteners are ideal for

- Panel mounted signage
- Door signs
- Directional signage
- Information signage
- Name plates
- Multi-layer signs
