# Leading Brands for Graphic Solutions

Spandex partners with prominent manufacturers to offer a unique combination: a broad portfolio of products from leading brands of materials, equipment, software, accessories and display systems, along with excellent service and product expertise.

# Spandex's Brands

With ImagePerfect™ and ImageBond™, Spandex is able to offer its own range of materials to complement its robust portfolio of brands.

ImagePerfect is a leading manufacturer to the sign making and digital printing markets.

ImagePerfect offers one of the widest ranges of signage and digital materials and accessories available today and is used by customers in over 25 countries. The majority of materials are produced at our plant in Lancaster, UK, which boasts over 30 years of manufacturing experience, and is certified to both ISO 9001 and ISO 14001 standards. ImagePerfect also offers a range of foam PVC sheets.

A brand of specifically engineered Aluminium Composite Material (ACM) for the digital print, display and signage markets developed and supplied by Spandex.

The range offers as standard a variety of colours, finishes, sizes and skin thicknesses to suit different requirements. In addition to our standard local stock ImageBond also provides colour matches and bespoke finishes and sizes.

# Spandex UK

Spandex distributes many leading material and equipment brands for signmaking, graphic production and vehicle wrapping.

25 customer service representatives offer expert advice and guidance to sign makers, digital printers, graphics producers and wrappers on our full range of products from a unique and comprehensive portfolio.

Spandex customers are able to order signage and digital materials from 1 metre upwards and benefit from bespoke pricing, business growth incentives, online ordering, product application training and technical support.

We are proud to ship more than 1,400 parcels daily with 99.2% of orders delivered next day to our 4500 customers across the UK.
